

Please check the examination details below before entering your candidate information

Candidate surname

Other names

**Pearson Edexcel**  
**International**  
**Advanced Level**

Centre Number

Candidate Number

--	--	--	--	--

--	--	--	--

**Time** 1 hour 30 minutes

**Paper**  
**reference**

**WMA14/01**

**Mathematics**  
**International Advanced Level**  
**Pure Mathematics P4**

**You must have:**

Mathematical Formulae and Statistical Tables (Yellow), calculator

Total Marks

**Candidates may use any calculator permitted by Pearson regulations. Calculators must not have the facility for symbolic algebra manipulation, differentiation and integration, or have retrievable mathematical formulae stored in them.**

### Instructions

- Use **black** ink or ball-point pen.
- If pencil is used for diagrams/sketches/graphs it must be dark (HB or B).
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- Answer **all** questions and ensure that your answers to parts of questions are clearly labelled.
- Answer the questions in the spaces provided  
– *there may be more space than you need.*
- You should show sufficient working to make your methods clear. Answers without working may not gain full credit.
- Inexact answers should be given to three significant figures unless otherwise stated.

### Information

- A booklet 'Mathematical Formulae and Statistical Tables' is provided.
- There are 9 questions in this question paper. The total mark for this paper is 75.
- The marks for **each** question are shown in brackets  
– *use this as a guide as to how much time to spend on each question.*

### Advice

- Read each question carefully before you start to answer it.
- Try to answer every question.
- Check your answers if you have time at the end.
- If you change your mind about an answer, cross it out and put your new answer and any working underneath.
- Good luck with your examination.

Pearson

6.

**Figure 3**

Figure 3 shows a sketch of the curve  $C$  with parametric equations

$$x = 2 \cos 2t \quad y = 4 \sin t \quad 0 \leq t \leq \frac{\pi}{2}$$

The region  $R$ , shown shaded in Figure 3, is bounded by the curve, the  $x$ -axis and the  $y$ -axis.

- (a) (i) Show, making your working clear, that the area of  $R = \int_0^{\frac{\pi}{4}} 32 \sin^2 t \cos t \, dt$
- (ii) Hence find, by algebraic integration, the exact value of the area of  $R$ . (6)
- (b) Show that all points on  $C$  satisfy  $y = \sqrt{ax + b}$ , where  $a$  and  $b$  are constants to be found. (3)

The curve  $C$  has equation  $y = f(x)$  where  $f$  is the function

$$f(x) = \sqrt{ax + b} \quad -2 \leq x \leq 2$$

and  $a$  and  $b$  are the constants found in part (b).

- (c) State the range of  $f$ . (1)
